

# The Mane Scoop

Vol 1, No 2 "The One Where Everyone is excited for fall weather and sports.

October 2019

## From the Principal's Desk...

Parents and Guardians,

Here are some helpful tips to monitor your child's grades, attendance, and account activities. You can use PowerSchool for Parents on our website at [www.shs.k12.mo.us](http://www.shs.k12.mo.us). The toolbar on the left will have Parents listed. Click on it and a drop down menu will appear with "PowerSchool." Click on it and it will take you to a screen that will ask you for your username and password. When you enter your information, you will be able to check your student's grades, attendance, and discipline entries. If you click on the percentage beside their classes, you can see what assignments they have turned in and what they earned for each assignment. If you do not have the username and password for your student, contact us at 573-737-2455 ext. 2000 and we will be happy to give you that information.

We also have our weekly homework sheets available on our website. If you look on the left hand side of the website, under the students drop down menu, you will see "SHMS Homework Sheets." Each week, our teachers post what assignments they will be working on in their classes. This is a helpful tool to keep up with their daily assignments.

Parent communication is extremely important to us, so if you have an email that we can use to contact you, or a new phone number, please contact us so we can update your information. If you have any questions about your student's progress in class, please feel free to contact your child's teacher and they will be happy to speak with you as well. We appreciate all your support.

Sincerely,

Anthony Mauricio  
SHMS Principal

Senath-Hornersville Middle School  
601 School St

- Animal Welfare

# Teacher's Knowledge

Describe one thing that makes you feel a sense of accomplishment. Explain why.

When a student is struggling with a concept and then all of the sudden the student finally understands the concept.

I feel a sense of accomplishment when I see my student's light bulb go off during a lesson.

When former students discuss what they remember from classes with me. Seeing the pleasure they have visiting with me and showing off their kids.

When the kids understand and enjoy the lesson.

When students look forward to coming to my class to learn it makes me feel REALLY accomplished! To get my students excited to learn about math is always an accomplishment!

Reaching my goals.

When I work with math students and see an improvement in that skill!

I love seeing crossed off items on my to-do list!

When beginning a lesson and my students are able to recall, with little assistance, what they learned last year. It is those moments that I feel like I have done my job well.

One thing that makes me feel a sense of accomplishment is when a student leaves my office feeling better than when they arrived. Being able to make the students at SHMS feel they can talk to me about what is going on and I will do my best to help them makes me feel like I have made a difference each day and they makes me feel a sense of accomplishment.

When a student tells me they really loved a book, and then they want to read the next book in the series. I love it when a student loves to read.

My greatest sense of accomplishment is when I put all my effort into something and feel at peace about it because I know that I did my best effort.

When the lightbulb goes off. It is when I teach a concept and they understand it.

I have a sense of accomplishment when my students can openly participate in a discussion using their prior knowledge.

Seeing a smile on a child's face when they understand or create something for the first time.

# Counselor's Corner

October is Bullying Prevention Month. We will be doing several things throughout the month to bring awareness to bullying in the classroom and through my google classroom page.

**What is Bullying?** Bullying is an aggressive behavior that must include:

1. An imbalance of power such as physical strength, access to embarrassing information, or popularity. This power is used to harm others.
2. Repetition: Bullying behaviors happen more than once or twice.
3. Deliberate: Bullying behavior is on purpose.

**How can YOU help?**

1. Help your kids understand what bullying is.
2. Keep communication open, check in with your child.
3. Model how to treat others with kindness and respect.
4. Report

October 28<sup>th</sup> - November 1<sup>st</sup> Senath Hornersville Middle School will be celebrating Red Ribbon Week. The week will be packed with events such as a speaker, door decorating contest, spirit week dress up days and an assembly. The purpose of Red Ribbon Week is to bring awareness to not only bullying but also drug and alcohol prevention. Illegal drug use is a huge problem in our country today, but legal substances such as tobacco and alcohol are also a big issue among middle school and high school students. Vaping a newer type of tobacco consumption has also become a huge problem among pre-teens and teens with the use of vapes and juuls. It is our goal to bring awareness to the dangers and issues related to use of these substances.

For more information please visit this website. <https://www.drugabuse.gov/children-and-teens>

# **Red Ribbon Week Dress-up Days**

**Monday October 28<sup>th</sup> -- Lion Pride Day**

**(Wear Red and Black)**

**Tuesday October 29<sup>th</sup> -- Meme/VSCO Day**

**(Dress as your favorite meme or dress like a VSCO girl or boy)**

**Wednesday October 30<sup>th</sup> Sports/Jersey Day**

**(Wear your favorite College or Professional sports team attire.)**

**Thursday October 31<sup>st</sup> -- Character/Squad Day**

**(Dress as your favorite Character or Group of Characters)**

**Friday November 1 -- Pink Out Day**

**(Wear Pink)**

**\*There will be prizes for those who are most "pinked" out from each grade.**

**Make sure that all outfits for dress-up days follow school dress code. No masks, no inappropriate costumes of any time. If your outfit is questionable you will be asked to call home for a change of clothes.**

# PINK DAY

## November 1, 2019

Lions for the Lord will be raising money for **Misty's Mission** during **Pink Week!!**

1st - On **Pink Day** we will be selling a yard (approximately) of **pink** duct tape to use to tape Mr. Mauricio to the wall in the gym. The price of a piece of tape will be **\$1.00!** This will be done during our assembly that day.

2nd - We will be selling **Breast Cancer Awareness silicone bracelets** for **\$1.00**. We will be selling these at lunch, recess, etc. starting a week before **Pink Day**.

\*Girls Basketball Game vs. South Pemiscot at 6:00 PM. Donations will be taken at the door.

\*Silent Auction items will be available in the lobby to bid on.

All proceeds will be given to **Misty's Mission**.

# Grade Level Info....

# 5th Grade ROCKS

## ELA

Students are learning persuasive writing and are very passionate about their opinions!

## HISTORY

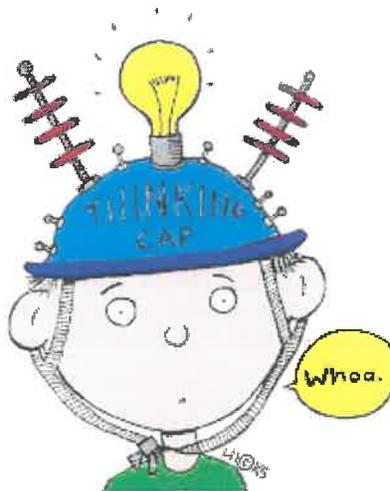

5th grade students will be learning about explorers from Spain, France, and England, and the colonization of America

## READING

Students have completed reading Indian in the Cupboard to coincide with the History lessons on Native Americans. Deadline for quarter one AR Points is October 11. Fall Book Report is due October 24.

## MATH

Students will start working on locating decimals on a number line, multiplying/dividing by powers of 10, and multiplying/dividing whole numbers and decimals. Mrs. McLain's students are still loving the videos and cheers they do in class each day! :)

## SCIENCE

We are finishing up our unit about cells, classifying plants and animals, and body systems. Our next unit of study that we will begin is all about ecosystems, and the interactions that take place within them. We will be discussing topics such as food chains and webs, energy pyramids, and different types of symbiotic relationships between organisms. Students will also be assigned a biome project during this unit.

## ELA

The students have completed their personal narratives and will begin writing informative essays this month. We will also study nouns and verbs.

## HISTORY

6th grade students will be learning about Mesopotamia and the Fertile Crescent as well as Ancient Egypt.

## READING

The students have been furiously reading their AR books to earn points toward their goal! A reminder that the deadline to meet their Q1 AR goal is October 11. This will be counted as two test grades. Also, the lapbook book report is due October 24.

## MATH

Students will continue to find the Greatest Common Factor and will begin learning about the Least Common Multiple. After that, students will start reviewing fractions. Mrs. McLain's students are still loving the videos and cheers they do in class each day! :)

## SCIENCE

We are finishing up our unit about classifying plants and animals, animal body systems, and plant and animal adaptations. Our next unit of study that we will begin is all about cells, their structures and functions, and microorganisms. Students will also be assigned a cell model project during this unit.

# 7<sup>th</sup> Grade

## ELA

Students have wrapped up learning about nouns and are moving on to sentence structure. We will be refreshing our knowledge on pronouns as well in October.

Students will complete a persuasive writing using a group activity where Spongebob is on trial! Students love this activity as they learn about pulling evidence from a text to support their opinions. Is Spongebob innocent or guilty?

## MATH

Students will begin working with percents in real world problems. They will be learning how to set up the percent equation to solve for different missing pieces.

## WORLD STUDIES

The students have focused on the basic concepts of geography and the study of the earth. They will be exploring the North American culture in upcoming weeks.

## READING

Students have worked closely with different reading strategies this quarter. Students will be learning more about figurative language and literary devices in October. We are preparing to start our first class novel soon. Our first class novel will be Letters From Rifka.

## SCIENCE

Students are still learning about cells and how they work together to perform body functions. We will be learning more about photosynthesis and cellular respiration and how energy transfers through these processes. Students will then move to how certain characteristics or behaviors influence animal reproduction; as well as how genetics and environment play roles in an organism's growth.

Middle  
School  
Brain

# eighth GRADE

## ELA

Students have completed nouns review (they retained a lot of what they learned last year; Way to Go!) We have been working on sentence structure and working on enhancing their writing by using various types of sentences. We will be learning about verbs through October as well as begin the Writing Process with the ups and downs of social media as the topic. Safety First!

## WORLD STUDIES

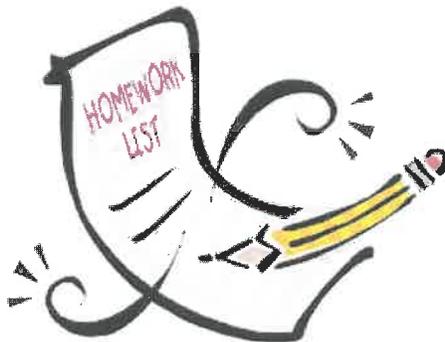

The students have studied the development of complex Native American societies and the emerging European colonies within the Americas. Included will be the beginnings and growth of an American culture and identity in the English colonies.

## READING

Students have worked closely with different reading strategies this quarter. Students will be learning more about figurative language and literary devices in October. We are preparing to start our first class novel soon. Our first class novel will be The Boy in the Striped Pajamas.

## MATH

Students will begin working to find slope and then working toward finding the slope on a graph.

## SCIENCE

The students finished off the unit on Energy and started learning about our environment and ecosystems. We are learning about our ecosystem and the physical and biological changes that happen to populations. We are going to be learning about the factors that affect survival and reproduction. We are also going to be studying biodiversity.

# EXPLORATORY CLASSES

## ART

Students will be learning the Elements of Art: color, value, and form.

## FACS I

To start the month off we will be learning about, "How to take Charge of Your Life". Looking at communication skills, goals and decision making skills, and leadership skills. Towards the end of the month we will begin our unit on "Your Living Space" and look into design elements and principles on designing rooms.

## Library Skills

Students will be reading a novel.

## Yearbook

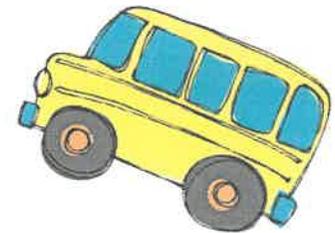

The SHMS Yearbook students are working hard to create the 2019-2020 Yearbook.

## ESL

We will be getting acquainted with Learning A-Z.

## Keyboarding I

Students are using Typing.com to learn the basics of how to properly type using the correct technique and keystrokes.

## Keyboarding II

Students are taking the knowledge they learned in Keyboarding I to finish out the remainder of lessons on how to type various words, sentences, and paragraphs.

## PE

Students will be learning the importance of teamwork and communication with each other. They will also be learning the rules of different games each day.

# Students of the Month

## September 2019

### 5th Grade

**Andy Ezell**

### 7th Grade

**Leann Ruiz**

### 6th Grade

**Ava Bollinger**

### 8th Grade

**Cristina Manrique**

# HALLOWEEN SAFETY TIPS

## Walk Safely

1. Cross the street at corners, using traffic signals and crosswalks.
2. Look left, right and left again when crossing and keep looking as you cross.
3. Put electronic devices down and keep heads up and walk, don't run, across the street.
4. Teach children to make eye contact with drivers before crossing in front of them.
5. Always walk on sidewalks or paths. If there are no sidewalks, walk facing traffic as far to the left as possible. Children should walk on direct routes with the fewest street crossings.
6. Watch for cars that are turning or backing up. Teach children to never dart out into the street or cross between parked cars.

## Trick or Treat With an Adult

1. Children under the age of 12 should not be alone at night without adult supervision. If kids are mature enough to be out without supervision, they should stick to familiar areas that are well lit and trick-or-treat in groups.

## Keep Costumes Both Creative and Safe

1. Decorate costumes and bags with reflective tape or stickers and, if possible, choose light colors.
2. Choose face paint and makeup whenever possible instead of masks, which can obstruct a child's vision.
3. Have kids carry glow sticks or flashlights to help them see and be seen by drivers.
4. When selecting a costume, make sure it is the right size to prevent trips and falls.

## Drive Extra Safely on Halloween

1. Slow down and be especially alert in residential neighborhoods. Children are excited on Halloween and may move in unpredictable ways.
2. Take extra time to look for kids at intersections, on medians and on curbs.
3. Enter and exit driveways and alleys slowly and carefully.
4. Eliminate any distractions inside your car so you can concentrate on the road and your surroundings.
5. Drive slowly, anticipate heavy pedestrian traffic and turn your headlights on earlier in the day to spot children from greater distances.
6. Popular trick-or-treating hours are 5:30 p.m. to 9:30 p.m. so be especially alert for kids during those hours.
